

RANJEET BISEN

Cybersecurity Professional | Penetration Tester | OSINT Researcher

+91 9343865554 | bisenranjeet043@gmail.com | [GitHub](#): [pwnxotus](#) | [TryHackMe](#) | [LinkedIn](#)

PROFILE SUMMARY

Cybersecurity professional with hands-on experience in penetration testing, vulnerability assessment, and OSINT-driven threat research. Ranked in the top 1% across 40+ national and international CTF competitions, including a 3rd-place finish among 850+ teams. Built and deployed 2 independent security/backend tools using Python and FastAPI. Skilled in Web/API VAPT, OWASP Top 10, and SOC operations, with a strong record of applying offensive-security skills to real-world security engineering challenges.

TECHNICAL SKILLS

Languages: Python, SQL, JavaScript, PHP, HTML, CSS

Security Testing: Penetration Testing, Vulnerability Assessment, Web/API VAPT, OWASP Top 10

Tools & Platforms: Nmap, Burp Suite, Wireshark, Metasploit, Nikto, Splunk (SIEM)

Infrastructure & DevOps: Git, Linux, Docker

Domains: OSINT, Threat Intelligence, SOC Operations, Incident Response

EXPERIENCE

Security Engineer | Defenzelite (Internship)

Aug 2026 - Present · 2 mos · Seoni, Madhya Pradesh, India · On-site

- Focus areas: Web Application Security, Mobile Application Penetration Testing, and additional security skills.
- Panasonic SAST audit: identified security weaknesses, documented them, and reported findings.

Cyber Security Analyst (VAPT) | CliffGuard Cybersecurity (Apprenticeship)

Jun 2026 - Aug 2026 · 3 mos · Remote

- Conducted comprehensive Vulnerability Assessment and Penetration Testing (VAPT) on web applications to identify security vulnerabilities.
- Assessed applications against OWASP Top 10 security risks, focusing on critical vulnerabilities like SQL Injection and XSS.
- Utilized industry-standard security testing tools for reconnaissance and manual testing, enhancing overall security posture.

Cyber Security Analyst (VAPT) | Durbhasi Gurukulam Private Limited (DGPL) (Internship)

Jan 2026 - Jun 2026 · 6 mos · Remote

- Conducted comprehensive vulnerability assessments and penetration testing on web applications to identify security weaknesses.
- Focused on OWASP Top 10 vulnerabilities, documenting detailed security reports for remediation.
- Contributed to a private cybersecurity project aimed at exploit analysis and enhancing overall system security.

PROJECTS

DIGI-NETRA | OSINT Assistant Toolkit

- Built a modular Python OSINT toolkit for digital investigations, tracing phone numbers, usernames, IP addresses, and emails through a simple, interactive CLI.
- Implemented cross-platform username enumeration, phone number reconnaissance (carrier/provider validation, WhatsApp & Instagram checks), IP geolocation/ISP lookup, and email breach & social-footprint checks in a single tool.

Stack: Python, OSINT frameworks, Git, GitHub

Vehicle Info | Vehicle Information Lookup Tool

- Built and deployed a full-stack web application that retrieves complete vehicle records — registration, owner, insurance, and challan (traffic violation) history — from a single vehicle registration number.
- Designed and implemented a FastAPI backend in Python to process lookup requests and return structured vehicle data in real time; live-deployed and publicly accessible.

Stack: Python, FastAPI

CTF ACHIEVEMENTS & COMPETITIONS

- 3rd Place - ApoorvCTF 2026, IIIT Kottayam (850+ teams, top 1%)
- 4th Place - WatCTF 2025, University of Waterloo, Canada (800+ teams, top 1%)
- 7th Place - DigitalCyberHunt 2026 (Finalist)
- 13th Place - CyberStrom 2025 (1000+ teams, top 2%)
- 22nd Place - CREST CTF (1000+ teams, top 3%)

CERTIFICATIONS

- CNSP - Certified Network Security Practitioner, SecOps Group (network security & penetration testing fundamentals)
- CSEDP - Certified Social Engineering Defense Practitioner, SecOps Group (social engineering & phishing defense)
- C3SA - Certified Cyber Security Analyst, CyberWarfare Labs (SOC operations & incident analysis)
- CASA - Certified API Security Analyst, APISEC University (API Pentesting)
- CAP - Certified Appsec Practitioner, SecOps Group (Application Security and Penetration Testing)

EDUCATION

Bachelor of Computer Applications (BCA)

Makhanlal Chaturvedi Rashtriya Patrkarita University

Bhopal, India • 2024 - 2027
